Re: Amended date established for submission of answer to the Notice of Non-Compliance (NON) dated February 10, 2014, and request for Reclamation Plan dated February 3, 2014, Federal Lease UTU-74804

Dear Mr. Ziegler:

On February 10, 2014, the Bureau of Land Management (BLM) Utah State Office issued a NON to Ziegler Chemical and Mineral Corporation for failure to respond to an "Evidence Required" decision issued on October 23 2013. In addition, on February 3, 2014, the BLM Vernal Field Office requested a reclamation plan on this lease due to surface subsidence as a result of mined void in the gilsonite vein. Because of unfortunate events in the Ziegler family, Mr. Roger Bankert of the BLM Utah State Office told Mr. Chip Ziegler that the BLM would accept a late submission.

The BLM herewith amends the date to receive the information required in the NON and the requirement to submit a reclamation plan to June 1, 2014.

If you have questions, please contact Stan Perkes of this office at (801) 539-4036.
